MEMORANDUM TO ACTING CHIEF, MONITORING SECTION

SUBJECT: COMMENDATION FOR INITIATIVE

It has come to my attention that a member of your staff, upon monitoring from the official Argentine radio a denial of diplomatic status to Sr. Rolando Lagomarsino on his present visit to the United States, took the initiative, through proper channels, in bringing it to the attention of State Department officials for possible action over the past weekend.

The editorial judgment of the monitoring staff, not only in summarizing material and selecting items for text, but also in pointing out the significance of developments in situations of which they have specialized knowledge, is an integral requirement of the [REDACTED] operation, and it is gratifying to find that this particular item was correctly and expeditiously handled over the weekend.
